

our partners

youregion's goals:

- a truly euregional 360° labour- and cross-border placement market
- harmonised services for job placement and advice such as the existing cross-border information points
- establish physical and digital one-stop-shops for newcomers and jobseekers
- a strong cross-border network of labour market partners and stakeholders
- counter labour shortages
- attract high-potentials and skilled workers
- the creation of a euregional Welcome Culture
- raise awareness about the opportunities the Euregio Meuse Rhine has to offer

- 170.000 students
- 7 airports in a 100 km radius

youregion where you can:

- discover vibrant cities
- enjoy beautiful landscapes
- encounter top technology
- experience cultural and linguistic diversity

Why youregion?

The Interreg project youRegion wants to promote a truly cross-border labour market in the Euregio Meuse-Rhine area. With our euregional partners we want to harmonise existing labour market services and create a network of one-stop-shops for (future) cross-border workers and their families. This also includes a digital one-stop-shop (homepage) where newcomers and international jobseekers can find information about the boundless opportunities our region has to offer. This way we want to attract high-potentials to the Euregio Meuse-Rhine and make them feel welcome.
